BIOGRAPHY

Al Bielek was born as Ed Cameron on August 4, 1915. He worked for the US Government. Sometime later, the government used a regression device apparently obtained from aliens to regress Bielek to a one year old boy and insert him into the Bielek family. He died as Al Bielek on August 29, 2007. Bielek recalls that the controls on the regression device were labeled in some alien language and that tape was placed on the controls with the english translation. Also, as a one year old child, he completely understood everything the adults were saying. Al Bielek gave his last interview during March of 2011. The reason for the time difference is, of course, because Bielek traveled in time.

Bielek was a very public person. He gave many lectures. He wanted people to know the truth about advanced government technologies and about his experiences. there were many you tube recordings of these lectures. Unfortunately, most have now disappeared. You can still find some of his recordings if you look around. It is apparent that the powers that be would like all records of Bielek to quietly disappear.

THE PHILADELPHIA EXPERIMENT

The Philadelphia Experiment was a project designed to make a ship invisible. It was carried out in August of 1943. The equipment used was rather primitive by today's standards. Basically, there were three components. There were generators for power, vacuum tube amplifiers and tuned copper coils made from one inch copper tubing. Of course, everything had to be adjusted to the correct frequency. Bielek says Nicola Tesla helped in the design. Aliens were also involved.

At that time, the americans were unaware that the Earth has a twenty year biorhythm cycle which peaks every twenty years on August 10th. through 12th. The most recent peak was in 2023. However, the aliens knew this and arranged for the test to be conducted on August 10, 1943.

The system was turned on and the ship became invisible. However, it also entered "hyper space". Duncan Cameron and Al Bielek jumped off the ship intending to swim to shore. However, there was no water or shore because they were now in hyper space so the two drifted through time and ended up in a hospital in the year 2143 suffering from radiation burns.

LIFE IN THE YEAR 2143

Cameron and Bielek were in hospital beds next to each other and everything seemed normal at first. However, when the flat screen TV sets were turned on, they began to realize they were no longer in 1943 as those devices did not exist then. The TV programming was also a shock because the earth land masses were different and attendants said there were only a few hundred million people alive on the entire planet.

Duncan Cameron stayed in 2143 but Al Bielek was somehow transported to the year 2749.

LIFE IN THE YEAR 2749

Bielek stayed in 2749 for about three years and got to explore the society there. It was pure socialism. Everything you needed was provided. However, if you wanted luxuries beyond basic needs you could purchase them. The world was divided into separate areas. You pretty much stayed in your home area. Society was policed by some type of some type of super computer which had the power to discipline the citizens including execution of citizens who the computer felt could not be rehabilitated.

Everyone was expected to work. Bielek worked as a tour guide. You did not get paid. The work was simply a way to keep you active and involved in the society.

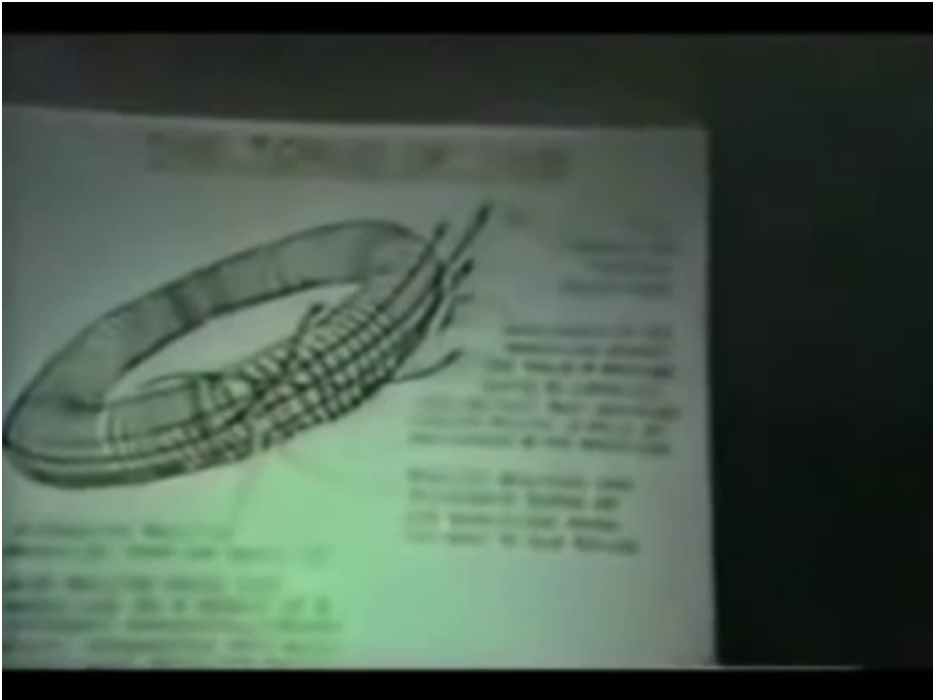

Eventually, Al Bielek was called before the computer and was told he must return to his own time. He was returned to 2143 and reunited with Duncan Cameron.

In 1983, the Montauk project was active. Normally, the equipment was not used twenty fours a day. However, in August of 1983, they were ordered to leave the equipment on continuously. This was because of another peak in the earth biorhythm cycle. Since there was no active equipment in 1963, the energy from the Philadelphia Experiment jumped to 1983 and locked on to Montauk. Al Bielek and Duncan Cameron returned.

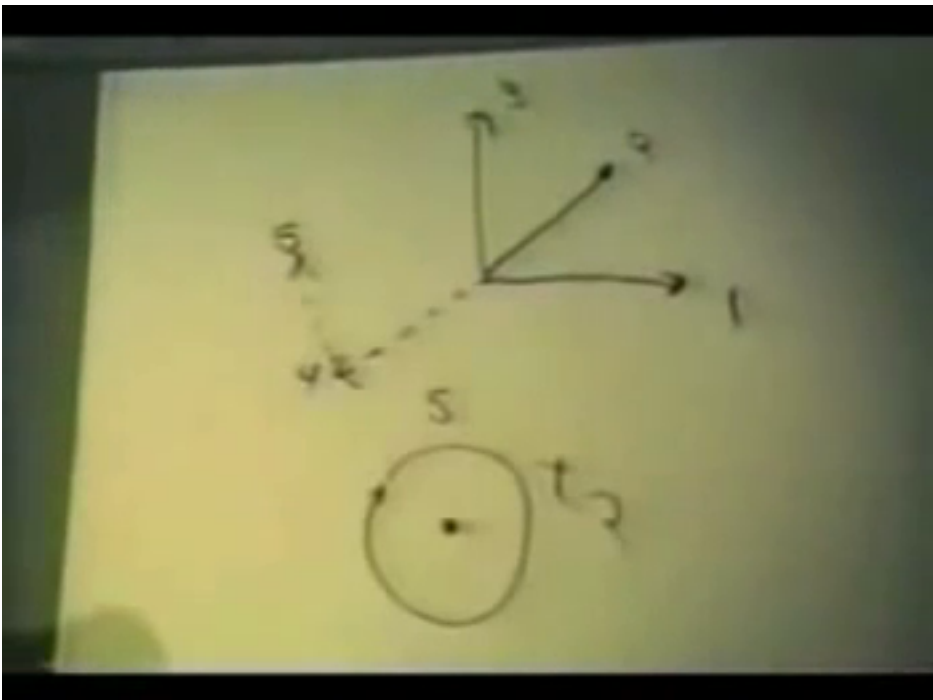

Bielek stated that there was some event in 1963 that required intervention. The last significant event was in 2003, however, by then the energy from the time oscillations had depleted to an insignificant level. There were no exceptional events in 2023.

THE MONTAUK PROJECT - TIME TRAVEL

The Structure of Time

Bielek explains the structure of the Universe we live in. This is completely understood. From the outside, it would look like the picture above. Essentially, it is a "doughnut".

Bielek explains the five vectors you need to specify to locate a point in time. You need

the three ordinary vectors, namely X, Y and Z. Then you need the fourth vector T for present time and the fifth vector T2 for the destination future time.

The key to controlling time is the Delta T Antenna. This is what it looks like and this video [3] explains how to build it. Additional information may be found here [4].

This antenna is the key component of everything at Montauk.

It is important to realize the potential of the time tunnel device developed at Montauk. Bielek says it is possible to send anyone anywhere using this equipment. This includes places and times. When transporting, there is no need for equipment at the destination point. You can transport anywhere - other planets including other galaxies. Local destinations are almost instant, however Bielek says if your destination is in another galaxy it might take a couple of seconds.

What this means, essentially, is whenever you hear NASA say they found a planet like Earth many light years away they don't just know about it - they are actually there setting up colonies.

THE MONTAUK PROJECT - THE MONTAUK CHAIR

The Montauk Chair is indeed an interesting gadget. Aliens helped in the construction of the chair. The first obstacle was that earth computers were too primitive to interface with the alien computers. The IBM 360 was useless. However, when the CRAY 1 and CRAY 2 computers became available, the aliens machines could interface.

The chair itself was a comfortable chair similar to, say, a dentist chair. You sat in the chair and imagined something and whatever that something was would materialize. In order to successfully use the chair you first needed to be psychic. Then special training was required to teach you how to think in computer language so that the machines could understand what you desired. Bielek was trained to use the Montauk chair as well as others.

The Delta T antennas were said to be used to intercept the thoughts and send them to the computers. The area where the chair was located had to be totally quiet so as not to disturb the psychic. Apparently, there were no direct connections to the psychic. The system intercepted and decoded thought waves. Anything you could imagine could be materialized.

Bielek states that the US has had contracts with aliens for sometime. At least one was signed by Mr. Eisenhower when he was the US President. There are a number of groups of aliens that have worked with the US over time. Most commonly mentioned are the small Greys, the Reptilians and the tall Greys or Dracos. Bielek mentions a discussion with one of the Dracos. These creatures live for one thousand years and spend the first few hundred years in educational institutions. Consequently, they are quite intelligent and knowledgeable.

THE MONTAUK PROJECT - MIND CONTROL

The Montauk Boys

The Montauk Boys were kids abducted and taken to Montauk to be programmed. This early form of programming was brutal. It was based upon the discovery that the unconscious and conscious mind were joined during orgasm. Normally, you could not access the unconscious mind. You need to do this to insert thoughts and commands that will make the subject perform tasks at some future time. The subject would not be aware that he was programmed. However, when activated [voice command, tones, musical notes, etc.] he would recall and obey the unconscious commands.

Originally, the boys were kidnapped from the streets of Long Island. Blue eyed blond boys were preferred. The programming technique required that the boys have many extended orgasms in order to provide enough time to get information into the unconscious mind. Since the boys were unlikely to desire constant sex with other boys, they were forced to perform and beaten with baseball bats (among other methods) if they refused.

Many died and many survivors had permanent injuries.

Bielek states that Joseph Mengalie - the NAZI doctor known as "Dr. Death" - participated in designing methods to program the boys.

There were three main categories of boys depending upon age. These were 6 to 12 years old, 13 to 16 years old and 17 to 22 years old. The youngest group - 6 to 12 years - were to be programmed to get an education and then become "pillars of society" as doctors, lawyers and such. The 13 to 16 year old boys were to be used as "disrupters and assassins". The 17 to 22 year old boys were to be slaves. Bielek says one of the Montauk boys was responsible for the Columbine shooting [1].

Girls could not be programmed using these techniques because of the Astral differences between girls and boys. Girl's auras spin in the opposite direction from boys and the polarity of the chakras is opposite in girls. Chakras positive in boys are negative in girls. The "opposite" sex is truly opposite in many ways.

Later techniques were much less brutal. Now that the government had control of time, they would use their transportation device to abduct some kid from his bed and transport him to montauk for programming. How long this process required was irrelevant. When programming was complete, they would send the kid back in time to moments before he was abducted. He would have no conscious knowledge of what had happened.

Also, refined techniques allowed the kids to be "batch programmed" so that say thirty or more kids could be programmed at the same time. The new technique used radio frequencies, audio frequencies and drugs. Bielek estimates that about one million boys are programmed every year. The kids are mainly from the US but include boys from all parts of the world.

The newer techniques can also be used to program girls.

THE MEMORY ERASING MACHINE

When projects end, the government likes to erase the memories of those who participated. Bielek describes the machine used to do this as similar to an ECG machine with leads connected to various parts of the body. Unfortunately, the process is not permanent and the erased memories can be recovered after enough time has passed.

The machine was used on Bielek quite a few times but he recovered most of the memories in later years. Bielek says every hospital that receives government funding is required to have one of these machines. This, of course, would include essentially all US hospitals.

BERMUDA TRIANGLE EXPLAINED

Bielek explains that the disappearances in the Bermuda Triangle are caused by an alien crystal structure on the floor of the ocean. Sometimes craft reappear and sometimes not. Bielek feels that craft always reappear "somewhere". It could be in another time or dimension. When the truth about the triangle was finally discovered, the government sought ways to control the device which had been operating randomly for years. Studies suggested the device would respond to underwater audio signals combined with radio frequency signals. However, Bielek does not elaborate/

THE UNDERGROUND TUNNEL SYSTEM

Bielek briefly mentions the underground tunnel system used by elite's for fast transportation. High speed trains run thorough this system and the network appears to be global. Bielek says he used the system to move quickly across the country.

In addition to the underground transport system here on earth, Bielek also discusses "Jump Rooms". Basically, this device looks like a doorway, however, when you step through it you come out somewhere else. Jump rooms are in use for travel to the earth bases on Mars and on the moon. Material and supplies can also be shipped this way. Bielek briefly describes his trips to Mars. The idea that you need to sit on top of a rocket to travel in space is nonsense. No one does that. This idea is just propaganda to convince ordinary people that they can never leave the earth.

Bielek specifically states that there is a Jump Room in operation at the NASA Michoud Assembly Facility near New Orleans.

REWRITING THE PAST

Using the time control technology developed at Montauk, the government does alter the past to suit its needs. The most cited example is the US Civil War. Actually, the South won. History was changed to show that the North won. However, you can't change everything. You cannot alter the Akashic Records. The proof lies in the fact that all people alive today who had a previous lifetime during the Civil War remember that the South won when the knowledge of their past life is recalled while undergoing past life regression therapy.

The war results were reversed by sending people back in time using the Montauk device who would give misinformation to the generals and so on causing them to lose the war. Although this changed history locally, it had no effect on the memories of people who were actually alive during that period.

TWO WORLDS

As you can see, there are basically two worlds operating in the same place. The elite's live in their world complete with all the technologies we have been discussing. The ordinary people live in a degraded society and have no knowledge of the truth. Why would you do this? Perhaps this quote from the feature film "1984" [2] explains the justification:

OLIGARCHIC COLLECTIVISM - FROM THE MOVIE "1984"

**IN ACCORDANCE TO THE PRINCIPLES OF DOUBLETHINK
IT DOES NOT MATTER IF THE WAR IS NOT REAL
OR WHEN IT IS, THAT VICTORY IS NOT POSSIBLE.
THE WAR IS NOT MEANT TO BE WON.
IT IS MEANT TO BE CONTINUOUS.
THE ESSENTIAL ACT OF MODERN WARFARE
IS THE DESTRUCTION OF THE PRODUCE OF HUMAN LABOR.
A HIERARCHICAL SOCIETY IS ONLY POSSIBLE
ON THE BASIS OF POVERTY AND IGNORANCE.
IN PRINCIPLE, THE WAR EFFORT IS ALWAYS PLANNED
TO KEEP SOCIETY ON THE BRINK OF STARVATION.
THE WAR IS WAGED BY THE RULING GROUP
AGAINST ITS OWN SUBJECTS, AND THE OBJECT IS NOT VICTORY OVER
EURASIA OR EASTASIA
BUT TO KEEP THE VERY STRUCTURE OF SOCIETY INTACT.**

Also, remember:

**WHO CONTROLS THE PAST CONTROLS THE FUTURE
WHO CONTROLS THE PRESENT CONTROLS THE PAST**

And we know that the government can (and does) change the past. So, there you have it.
