OVERVIEW MODEL

Below is a basic model of the structure of the directorate which controls planet Earth:

Now let's look at this structure in more detail:

The lower small pyramids represent countries. We put it in quotes because there are really no countries. The belief that you live in a "sovereign" country is a created illusion. The large bottom pyramid represents the *transnationals*. They have no specific boundaries and cover most countries as sort of an overlay. Major religions are included in the transnational group. Most countries and essentially all transnationals share a common bond because their upper levels can access the "core secrets". In this way, the planet functions as a single entity or "one world government" even though it may appear to those in the lower levels that the world is a collection of unrelated "independent" countries. Some smaller and newer countries are excluded from this collective until / unless they can demonstrate internal stability and are considered worthy of initiation into the core secrets. At the top of this structure is a small group known as "The Council". This group makes the final decision on global issues and controls the "elected" leaders of the "countries". Their knowledge extends beyond the core secrets. They are the gateway for alien civilizations that desire some relationship with the planet Earth. There is no intent that the general population ever become aware of any of this. They are slaves [*sheeple*].

The oligarchs in charge of each country have the power to create reality within their space. They can create anything they choose and the ordinary people who are born into this illusion will accept it as fact. However, those who have the means to freely travel can sample all of the various "realities". Therefore, if you have a "ticket to ride", reality can be pretty much anything you choose. If you like to play with children, you can go to Thailand. Trying the same thing in the United States could land you in some serious trouble. Almost anything you can imagine is freely available and legal somewhere in the amusement park we call Earth.

Legal status for females varies widely. Clearly, the most liberal country for females is the US which is rated the number one country in the world for infidelity [4]. Adultery is legal. A wife can have her husband arrested for insisting she have sex. Wives can refuse to have children. However, husbands are still obligated to pay the bills. By contrast, Afghan wives must have sex at least three times a week or their husband can have them arrested. Women found guilty of adultery are beheaded in Saudi. Indian men are free to kill their wives (cooking accident) and females are not considered to be human beings. Birth control is illegal in Saudi and men have the right to use whatever physical force they choose on disobedient wives.

Diplomats operate outside of the law. They can go anywhere and do anything they please. And, they do. The original "Emmanuelle" movie with Sylvia Kristel and Alain Cuny is based upon the actual diary of a diplomat's wife. The original book was suppressed for years. Watch it (when your kids are out of the room) if you want to see how diplomats really live.

Origin of the Core Secret Collective

The Core Secret Collective originated with alien contacts and the perceived need for all countries to put aside their differences and cooperate in the event the planet came under some kind of alien attack. If nothing was happening, the countries would stay in their "business as usual" status. However, the elite leaders needed to be told that aliens existed and that contacts had been made. They also had to agree to secret defense installations in their countries in order to cover the entire planet with an alien defense network. Consequently, the elite share this "core secret" information with the understanding that ordinary people are never to be told. This creates a sort of planetary "insiders club". If you would like to know the main members of this club, look at the list of countries in the "Antarctic Treaty". Antarctica is not the easiest place to reach and lots of secret stuff goes on there. Reportedly, that is where Germany hid its most secret inventions and, today, there is reportedly a huge secret underground base located there among other stuff.

Alien contacts in the present epoch (because there have been contacts throughout Earth's secret and generally unknown history) are said to have begun about 1913 but greatly accelerated beginning in the 1940's and are very active today with detailed contracts between countries and various alien civilizations.

The evidence suggests that the highest level of electronics actually invented by Earth scientists was vacuum tube technology. All the solid state technology we use today came either from back engineering alien craft and devices or from alien technology exchange agreements. We know how to make these things now but native Earth people did not discover them independently,

The technology exchange agreements the US has are mainly with the so called "greys" (insectoids) and Reptilians. Both of these are Group IV creatures [2] and both of them consume humans for food. The US has nothing in the way of technology to exchange. The agreement involves exchanging humans (US Citizens) for advanced technology. The humans are used for food and genetic hybridization experiments. The US even built the aliens an underground base at Dulce, NM and you can research this on the internet if you are curious. This is a picture of an adult Reptilian taken covertly [3]:

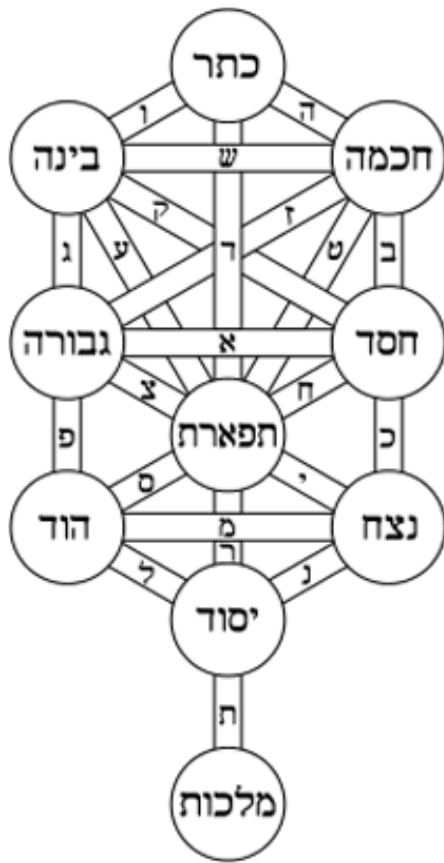

Because the aliens we actively court represent essentially the underbelly of the universe, one wonders exactly what the planetary defense system is defending Earth against. Since we invite aliens to come here who eat humans, we can only assume that the defense system is designed to repel the good aliens who, if they came here, would reveal the truth to the masses and advocate Spiritual development. This, of course, would destroy the illusion the elite rulers have created to enslave humanity. Group IV creatures are not capable of Spiritual development and can never achieve God Realization while using that form.

THE INSIDER GROUP

Insiders - generally referred to as *the illuminati* - have access to the core secrets. So, just what are the core secrets.

The Old Knowledge

This model

is a schematic of the Kaballa [there are numerous spellings]. Although the writings on the model are Jewish, they did not invent it. It comes from a previous epoch in the history of Earth. It's origin is unknown. When correctly decoded, this model contains the instructions on how to alter the structure of matter at a molecular level [1]. The Jewish elite understand this model and know how to use it. So do other high level Illuminati.

Knowledge of the Ancient Past

The Vatican archives are said to contain accurate historical records dating back at least to the Egyptian Pharaohs. These archives are guarded with a ridiculous level of security which even includes Astral defenses. Why should our history be a secret. Obviously high initiates within the church can read these records and, very likely, other high illuminati can also. But, ordinary people cannot.

Even knowledge of the recent past is secret. We have discussed in other books the real history of the United States which is printed in the FRUS books and which can only be read by those with top secret clearances.

Knowledge of Alien Civilizations

There have been many epochs. We know only a tiny portion of the present epoch and essentially nothing of previous epochs which once existed here but have been erased with the passage of time. The Illuminati are said to have detailed knowledge of many of these past civilizations. It is not all that hard to get this knowledge if

you can access the Akashic Records system which records and stores all events which have happened since the origin of the present time period (Golden Age - Silver Age - Copper Age - Iron Age). Since these records are stored on the Astral Planes which are dissolved and cease to exist with each minor dissolution cycle, we assume knowledge from previous cycles is not available.

Knowledge of Intelligent Creatures Native to Earth but which Remain Hidden

The Bible hints of this, "There were giants *in* the Earth at that time and also afterwards..." Some intelligent creatures like, for example, Raptors, prefer to remain out of sight. Others live among us and always have but you need to have perfected your Astral vision to see them because they are out of the range of normal vision.

Knowledge of the Astral and Causal Planes

This is basic required knowledge for all Illuminati. However, they do not have a monopoly on it by any means. Anyone can acquire this knowledge if they are willing to put in the required effort. Access to the Astral gives you time travel abilities and knowledge of future events (among others) and access to the Causal Plane gives you legitimate magical powers which include, for example, the power to make anything you imagine physically materialize.

Knowledge of the true Human Potential and How to Activate It

This includes knowledge of the Third Eye (which everyone has) and how to activate it and the Kundalini (which everyone also has) and how to activate it.

Knowledge based upon recent Advanced Technology

1. Space Travel

Space travel exists and appears to be the result of alien interactions. It was not developed independently (at least in this epoch) by beings native to Earth. There are colonies on the moon, Mars, the moons of some other planets and also on other suitable planets in deep space. There are TV transmissions from these places which are available to those who have top secret TV receivers. Distant signals are reportedly sent using a system Al Bielek describes as "C8" which means the transmissions are sent at the speed of light raised to the eighth power.

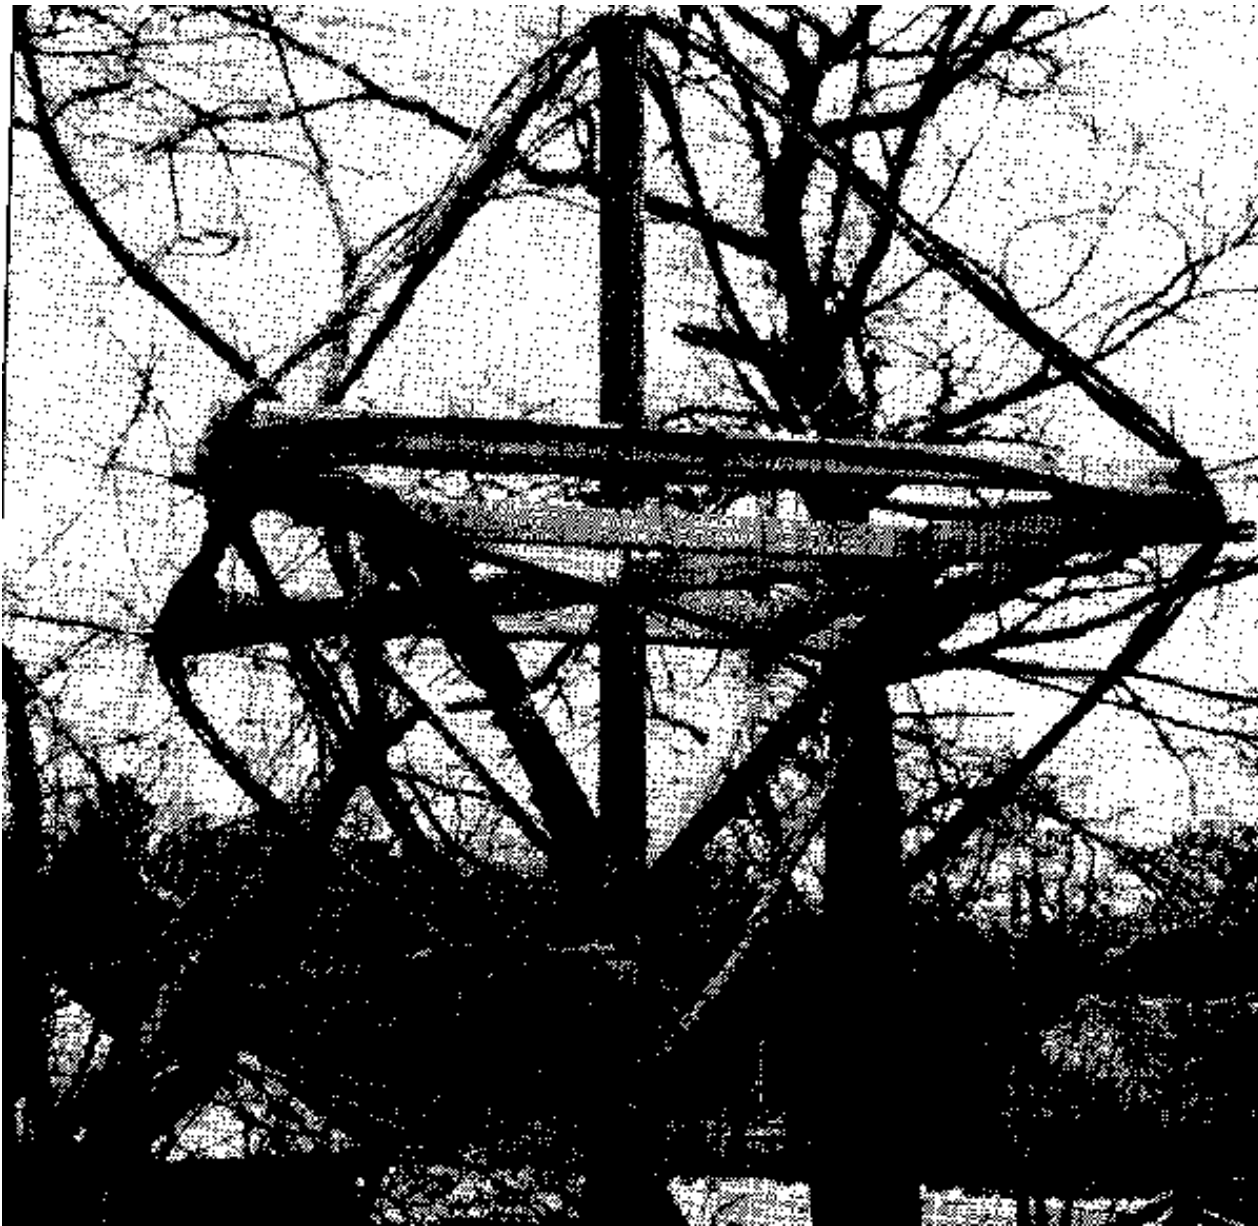

2. Time Travel

Time travel has been perfected. The main component is the "Delta T Antenna" and the technology was developed during the MONTAUK project with the help of aliens (reptilians, small greys and tall greys) [3].

The picture below is a home made Delta T antenna. There are YouTube videos teaching how to do this.

Below is a picture of one of the actual Delta T antennas at Montauk.

3. Technology Assisted Mind Control

This device consists of an upgraded EEG machine. Top secret clearance is required to activate the mind control and mind erasure functions. Al Bielek states that *all* hospitals which receive federal funds are *required* to have this device which has now been mass produced, perfected and distributed. Bielek is not the only source of information on the existence of this technology. It is also mentioned on the www.trufax.org web site and the disclosure here may predate the public disclosure by Bielek.

This device is in the EDOM group (Electronic Dissolution of Memory). There is also CEOM (Chemical Erasure of Memory).

4. Technology Assisted Causal Powers

This technology centers about the so called "Montauk Chair" developed during the MONTAUK project. The device is basically a "mind amplifier" and allows the person using the chair to cause anything he can imagine to materialize. This can also be done naturally by a legitimate master magician but, of course, the chair is easier and requires much less personal Spiritual development. It too was developed with the help of aliens.

5. Knowledge of and interaction with Aliens

All the inner circle people know that aliens exist, that they visit Earth now and have in past times and that we cooperate and have contracts with them. It is not uncommon for the higher level "shadow people" to entertain aliens in their home where they meet their kids and interact with them just as any other guest.

6. Technology Exchange

This is the knowledge of current active contracts between Earth and aliens and what technology is involved. The Earth has nothing that the aliens really want in terms of technology because our technology is primitive compared to theirs. What they want - and what we give in exchange - is human beings to be used for food and for exotic genetic experiments. So, put plainly, the elite of Earth kidnap and sell (trade) their own people so that they can acquire advanced technologies which are then kept secret and used covertly to enslave humanity.

7. Secrets of DNA

We all know DNA exists. However, the government knows much more and it is quite likely that all DNA secrets have now been discovered and that most of these discoveries are classified. Why do you think Hillary Clinton (as Secretary of State) was secretly ordering operatives to obtain DNA samples of all the diplomats at the United Nations. You see, once you have someone's DNA, you can use covert classified technologies to totally control that person.

HOW PARADISE WAS LOST / CAN PARADISE BE RECOVERED

When the Physical Universe was created, the administrators set it up as perfectly as possible. You could call this its "default condition". This condition held pretty constant during the Golden Age period. On planets, the Planetary Spirit and the various creatures existed in harmony because they all remained "tuned in" to the natural universal harmony.

Creatures were given the power of "free choice". In the beginning, they chose to stay in harmony with the universal laws which then guaranteed them a peaceful and generally carefree life. However, in later cycles, as smarter creatures began to understand how the Universe was set up, some creatures decided that they did not need to live in harmony with nature and the natural laws. Eventually, with increased knowledge, some decided that they were just as smart or maybe smarter than God and that other, less developed entities, should obey them instead of God. This relatively small group became known as the "black magicians". They grew stronger over time and, by misusing their knowledge of the mechanics of the Creation, destabilized the Creation from its default status to some random, unstable status. The Creation began to degrade, falling through the lesser Ages of Silver, Copper and Iron. We are now in the Iron Age, also commonly called the Kali Yuga.

When a person is injured, their body does its best to return them to health or to their "default status". However, if the injury is severe, this may not be possible. Similarly, the Physical Universe would like to return to its default status if it possibly could. However, because of the constant damage caused by the black magicians who have decided they are stronger and better than God, this also may not be possible.

If you want to return to the "paradise" you once enjoyed, the answer is simple: You need to get rid of the black magicians. If you could do this somehow, things would do their best to gradually return to their natural default status.

There is no reason for people to have a miserable existence on this planet. The fact that many do is by deliberate design. This design was created by the black magicians who have taken over this world. They have many names and subgroups. They are the illuminati, the shadow government, the Catholic Church and its minions such as the Jesuits, the Bilderberg Group, the Trilateral Commission, the Masons, the assorted Satanic cults and many others. All these groups network together to insure that they live in total luxury and that you live in "shit".

Everything you need to have a perfect world already exists here. There is nothing wrong with this planet. There is enough natural food to feed three worlds the size of Earth. If the suppressed inventions and discoveries were released, there would be no disease and essentially unlimited free energy. You do not have these things because they are deliberately hidden from you by the elite.

If you want to change and have a better life, then you need to wake up - stop being "sheeple" - and do whatever is necessary to neutralize your oppressors. Do nothing and you can expect things to get much worse.

ATTITUDES

CIA MKULTRA Directive

The CIA instruction that was given to those chosen to be part of the secret MKULTRA project pretty much sums up how the government feels about its weakest and most vulnerable citizens. This is the text:

"Go seek out people on the fringes of society - who, therefore, lack the capacity to resist - and use them for your experiments"

Brice Taylor (Sue Ford) Revelations [5]

One of only two known "Presidential Model" mind controlled girls to have escaped and recovered memories of their experiences. The US Government manufactures these sex slaves on a routine basis and sells some to well connected elite. The PBS show Frontline recently did a show on girls who escaped from ISIS. They related how they were given to a dozen men at once who raped them constantly. Obviously, this was a terrible experience. However, we need to view these things in perspective. Brice Taylor (Sue Ford) was predestined to be a government mind controlled sex slave from birth. As a tiny baby, special implements were used to artificially stretch her vagina so that, by the age of three, she could accommodate a full size man. She was prostituted continually from that point. At least ISIS waits until girls are nine or ten years old. So, who is worse.

Ted Gunderson Revelations [6]

Ted Gunderson, a retired high level FBI agent, was kicked out of the association of retired agents because he continued to search for the truth. His YouTube videos are spellbinding. He discusses the many Satanic cults - women who deliberately get pregnant so they can take the newborn to be killed at a blood magick ritual and one of his must see videos has interviews with children (5-6) who are kidnapped by these cults and ordered to perform rituals where they behead live newborn human babies. Please remember that you must be a Satanist to reach any level of power in Washington, D.C. and that the Masons, who designed the US, take an oath of allegiance to Satan at the 30th. degree initiation ceremony.

Two million children disappear in the US every year. About one million disappearances are explained but the remainder appear to simply vanish without a trace. Brice Taylor [5] explains that, as a young child, she was trained to go to public places where other young kids were playing and lure them to a secluded area where they were kidnapped by government agents. The kidnapped kids were kept in cages until needed for a human sacrifice at some secret Washington, D.C. Satanic ritual. Apparently, these go on all the time.

Al Bielek - Preston Nichols - Montauk [7]

Al Bielek had many free YouTube videos and Preston Nichols book supports many of his claims. Bielek discusses the top secret physics of time which has been completely worked out. He specifically names the NASA facility at Michoud, Louisiana (close to New Orleans) as one of the locations from which these highly classified devices are operated. These devices are used for time travel and to create "wormholes" allowing people to "walk" through a vortex to another planet. Much of this technology centers upon the special characteristics of the "Delta T" antenna which is explained with actual photographs in Preston Nichols book [7].

Since the original time vortex generators did not have enough power to transport a full size person, the government kidnapped kids and threw them into the vortex. Some returned - many did not. The perfected model at Montauk, Long Island was about one hundred feet across and you could drive trucks into the active vortex.

Abby Martin Cuba Interviews [8]

Abby Martin on her show "Breaking The Set" [8] traveled to Cuba and did an interview - among others - with a senior Cuban doctor. Since these doctors only make the equivalent of about 20 USD/month and they obviously know they could be millionaires if they left Cuba and came to the US, Abby wondered what motivated them to be so dedicated for such comparatively small compensation. The doctor explained she went into medicine to help people. Helping people in need was her motivation and money was irrelevant. This motivation - based upon the realization that humans need to respect and help one another - cannot be taught in school. You either have it or you don't. This attitude is more likely to be found in countries like Cuba which has not yet been infected with capitalism. American doctors actually take classes in how to maximize profit and minimize patient care. This is not taught in Cuba. Medical care in Cuba, like all civilized countries except the US, is socialized.

We Came, We Saw, He Died

This video of Hillary Clinton laughing over the murder of Libyan Leader Muammar Gaddafi has been shown numerous times on the RT Network [8] and is available on YouTube. In the video, Hillary is clearly thrilled that the US has managed to murder another legitimately elected head of state who refused to bow down and worship the US.

Frank Olson Story [9]

This is an interesting story. An internet search for "Frank Olson" will result in many hits. Olson was working in the UK on assignment from the US. They wanted to see how much Sarin nerve gas it took to kill a person. So the UK solicited volunteers telling them they were testing a cure for the common cold. Then, they gave them increasing doses of Sarin until they died. Frank Olson never officially complained to anyone. He never became a whistleblower. However, someone overheard him mention in a conversation that he felt what the UK scientists were doing was wrong. When he returned to the US, CIA agents gave him LSD, beat him up and then killed him by throwing him out of a high hotel window claiming he "must have committed suicide". The family received a large cash settlement, but, of course, the government admitted no wrong.

You should learn a lesson from this: If you have any compassion or any conscience, never never never get involved with the US government in any way. They are not going to wait until you pop up somewhere in Russia. They will kill you the moment they sense that you have any feelings for the welfare of your fellow humans.

Paul Weyrich

Watch this man's "Goo Goo Syndrome" YouTube video. This is the guy who does not want certain people to be allowed to vote - you're probably one of them.

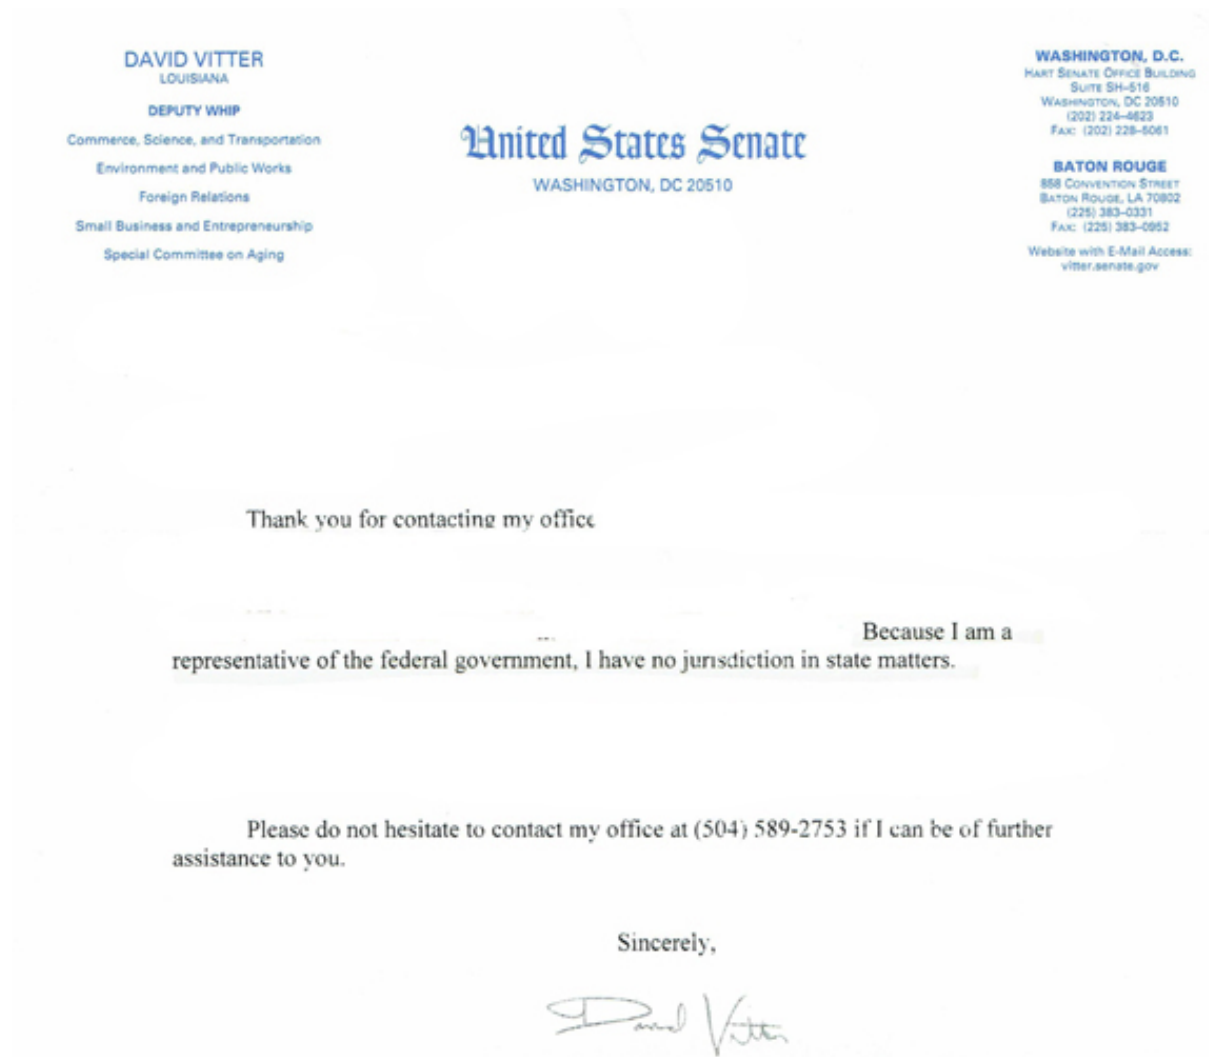

Puerto Rican Women Secretly Sterilized

This is just another example of how the US views others. Someone decided there were too many people in Puerto Rico which is owned by the US although the people there have no rights. So, they set up "free" birth control clinics which were actually sterilizing the girls without disclosing that. They took out about 40%.

Kissinger's Attitude [10]

“Military men are dumb, stupid animals to be used as pawns for foreign policy.”

"Because I am a representative of the federal government, I have no jurisdiction in state matters". Strange. Don't citizens of a state elect senators to represent them. Guess not!

In case you are not familiar with Vitter, this is the guy who likes to wear diapers and hire high end call girls to play the part of his mother. He was exposed on the "Alyona Show" on RT [8] and you can also learn about his little fetish by doing an internet search with the phrase "david vitter diapers". Vitter is favored to become the next governor of Louisiana. God help us!

US Citizens abandoned in Yemen

Yemen is being bombed by Saudi using internationally banned cluster bombs provided by the US. When US citizens in Yemen asked the State Department for help escaping, they were told no help would be provided. Those able to get away were flown out by Russia.

Victoria Newland "Fuck the EU"

Victoria Newland - Assistant US Secretary of State - was plotting a coup to overthrow the legitimate government of Ukraine and install a puppet dictator controlled by the US. Her conversation was secretly intercepted and has been played many times on the RT Network [8] and is also available on YouTube if you search for "fuck the eu". In reference to the inference, "maybe we should consult the EU", Newland's response is, "Fuck the EU".

Antarctic Treaty: "Absolute Freedom of Science"

There is an interesting passage in the Antarctic Constitution which guarantees "the absolute freedom of science". What this means is that scientists want a protected place where they will not be "annoyed" by things like morality or religious views. They want it understood that science is above all else and, should people need to be killed in experiments or the environment need to be damaged to prove some theory, well, these "sacrifices" need to take place to "advance science" and nothing else matters.

BLACK MAGICIANS

In the natural process of Spiritual development, you learn how the Creation is constructed. Like any knowledge, this knowledge can be abused. For example, if you sit around the dinner table eating steak, you use the steak knife to cut the food. You could cut the person sitting next to you but you probably know better and will not do this. Similarly, as you learn the secrets of the Creation, you also realize that this information has potential for abuse. However, if you respect the Creation and the will of the Creator, you will not do this.

Because people have free will, not everyone will behave this way. Therefore, black magicians periodically come into existence. Their success depends largely upon where they come into existence. In an advanced society, black magicians would be immediately detected and so be rendered powerless. They are creatures of darkness and cannot survive in the light of truth. So, once exposed and understood, their power is lost.

However, should a black magician or a group of these creatures happen upon an innocent, unsuspecting society, their effect could be devastating. This is what has happened on Earth. Operating in secret and protected by "national security", black magicians have taken over this planet.

Black magicians - like anyone who practices magick - learn how to acquire and direct subtle energies to materialize their desires. The two main methods of obtaining these energies are Sex Magick and Blood Magick. In the case of black magicians, Blood Magick means rituals involving human sacrifices and Sex Magick generally means rape. You can do Sex Magick consensually and you can do Blood Magick in ways that do not involve murder and this is what separates garden variety "white" magicians from black magicians. To seize control of an entire planet and hold it at your mercy requires lots of energy. War - and especially constant war - is a great method for acquiring this energy. Mass killing and mass rape provide limitless access to sex magick and blood magick to satisfy the insatiable appetites of the black magicians. Routinely, in war, you kill the men and rape the women. It's pretty standard. As long as you have black magicians ruling this planet, you are going to have unending war, death, destruction and contrived hardships (austerity) because these are the things that allow black magicians to thrive. If these creatures were not here, there would be peace. People are not born with some instinctive desire look around for other people who are different in some way so they can kill them. These attitudes and desires are programmed. Sometimes this is called "divide and conquer". As long as black magicians can find people who are susceptible to this programming, they can create conflicts which then allow them - from behind the scenes - (shadow government / shadow people) to "milk" the susceptible people of the

energies they need to thrive. In societies where this is understood, black magicians are rendered powerless and cannot effectively operate.

A fully developed black magician is a formidable creature. They can transfer from body to body, move from planet to planet and hide in time. Ordinary law enforcement is powerless against them. IGP - the Intergalactic Police - has the duty to hunt down and capture black magicians. They are trained to deal with this. Once captured, the guilt of the subject is determined by the Akashic Files. There is no trial. If the Akashic Files - which cannot be altered - indicate guilt, punishment is assessed immediately. The maximum penalty is banishment from the Creation. If this penalty is chosen, the guilty Soul is stripped of all bodies and thrown into the Void between dimensions. Souls cannot be destroyed but, lost in the Void, the black magician is powerless and cannot reenter the created worlds. It also, of course, cannot get into the Spiritual worlds because it challenged God. Access to the Spiritual worlds has been lost, essentially forever.

Because black magicians know the penalty they face if apprehended, they will make every effort possible to evade capture. Similar to a garden variety criminal facing the death penalty, they have nothing to lose.

EXPERIMENTS AND APPLICATIONS

Let's discuss some of the top secret experiments and applications:

MKULTRA

MKUltra (Mind Kontrolle) is the umbrella code word for 149 secret subprojects involving covert experiments on US citizens. Effective and predictable mind control methods were developed during this project. These methods are still secret but are widely used by the government as well as trusted assets such as the entertainment industry (pop stars, child "idols", etc).

The classic levels are:

ALPHA - Enhanced natural abilities

BETA - Sex slave

THETA- Psychic level - telepathy enhanced with brain implants allowing links to satellites

OMEGA- Self destruct program which activates if the person begins to realize they are mind controlled or if someone else tries to help them recover

These systems are completely perfected and are in general use today - in secret, of course.

Invisibility

Originally sought with projects such as "the Philadelphia Experiment" in the 1940's, this has been completely perfected. Al Bielek reports two main methods. One is a hand carried or worn device and the second is some sort of processing which makes the person invisible for a period of time without any external device. However, there are unpleasant side effects when returning to visibility using this second method.

Wormholes / Jump Technology

This technology - now reportedly completely perfected - resulted from the Philadelphia Experiment combined with the Montauk experiments. Wormholes allow essentially instant travel to distant planets and also time travel with no need for any sort of receiving device at the destination point. Jump technology allows instant movement of large objects. For example, it was argued that it was impractical to spend billions on huge aircraft carriers because they would be "sitting ducks" if deployed in war. However, these large ships have jump technology installed. So, if, for example, you attempted to attack one in the Pacific ocean, it could become

invisible and immediately "jump" and reappear in, say, the Atlantic ocean. Most of the crew, of course, are totally unaware that this top secret technology even exists.

The Montauk Boys

The original Montauk experiments required young boys. Girls could not be used because their aura has an opposite "spin". Blue eyed blond boys were the desired model. The government took vans and went out at night on the streets of Long Island kidnapping these boys as needed. They were brought to the Montauk facility. The programming method was to access the subconscious mind. It was determined that the conscious and subconscious mind are linked and therefore accessible when one is experiencing an orgasm. The boys were instructed, therefore, to have lots of gay sex. It was unlikely that any were actually gay. Those who refused were beaten with baseball bats until they either complied or died from their injuries. The programming left the survivors with permanent Astral damage and so anyone who could see auras could easily identify them.

Chapter 9 of the book [7] vividly describes the programming process. There were three key ages - 7, 14 and 19. Each group was predestined for a special purpose. The first group was returned to society to become "pliers of the community" like doctors and lawyers. They had no conscious memory that they had been programmed and would behave as normal people unless activated. This project was in the early 1980's. Therefore, these "people" today would be in their early 40's and still active in mainstream society. The other two groups were programmed to be assassins (manchurian candidates) or "disrupters" who would cause chaos and start cults and other social movements.

Radiosondes

Radiosondes, theoretically, are supposed to be dropped from planes or sent up with balloons to report weather conditions. However, according to Al Bielek, these devices contain "orgone generators" and are capable of steering hurricanes. If true this means that serious natural disasters such as hurricane Katrina were either deliberately caused by the government or deliberately allowed to happen when technology was available to divert the storm to a harmless location. It also means that, if proven, the United States can be held financially liable for all similar disasters on this planet in recent history.

HOSPITALS

Theoretically, hospitals are places where sick people go to be restored to health. Sometimes, this actually happens. However, many other things can and do happen in hospitals and you should be aware of this. Let's look at a small sample:

Death is Unnecessary

The first thing you need to know is that death is unnecessary. The elite don't die. If you die you were killed by deliberate neglect. All major hospitals have access to top secret drugs, effective treatments for all known diseases, and the ability to get you to one of the top secret regression machines which will return you a young person about twenty years old. However, to get these services, you must be approved for access to top secret medicine (see our book with this title). If not, you will be allowed to die. At least one doctor in every hospital has a top secret clearance knows this stuff. If you want to meet him, ask for "Dr. Ray" (code word).

Stealing Organs

Selling human organs is big business. If all your organs are healthy, you are worth over a hundred thousand dollars (US) if you are chopped up and sold as parts. If you are in the hospital, they will look for any opportunity to get your organs.

Mind Control / Brainwashing

The EEG machine has a dual purpose. When its secret function is activated by a doctor with top secret clearance, your memories can be erased and even alternate memories can be implanted. You will never know.

Soul Capture / Soul Transfer

If you die in a hospital, the sale of your organs (whether they have permission or not) may not be your only concern. Just hope you can separate from your body and safely get to another dimension before someone decides to capture your Soul which can be put in "storage" or into a new baby's body. They have that capability now.

MKULTRA 2.0

A new "hospital" complex is about to open in New Orleans, Louisiana. The complex is huge *but* is only the beginning because planned expansions will likely more than double the original size. Insiders who are familiar with this facility say - off the record, of course - that this facility is designed to supply the covert medical research needs for all of north america. The facility is to be managed by the VA and LSU (Louisiana State University). LSU was one of the universities which participated in the original MKULTRA project. We can safely assume that the VA did also. Involving the VA makes it possible to shield everything that goes on in this facility under "national security". The illustration below shows Phase I which will soon be activated.

During construction, there was extensive deep excavation. Apparently, this will be the secret underground area. Although the surface view shows "separate" buildings, you can bet that they are all connected underground. They build these places where there is a good supply of poor, uneducated people who can be used for

research. New Orleans is an ideal place.

This facility will be state of the art which means that all of the top secret devices we have discussed will be available. Specifically, this means MKULTRA, MONARCH and MONTAUK type devices plus Soul extraction and storage, consciousness swapping, age regression and all other top secret medical devices, techniques and top secret drugs. It will truly be a "roach motel" for human suckers: They go in but they do not come out.

DANGERS OF CHILDHOOD

A newborn baby is innocent. It has no clue that it has just been born on perhaps the most evil world in the entire physical universe. Therefore, it is extremely vulnerable. We will assume that this child was not born into a Satanic cult family which intends to kill it at the next full moon (or whatever) and we will assume that the parents of this child actually wanted it and love it and will not sexually abuse it. So, assuming all this, we will begin:

The first hurdle will be getting out of the hospital with the correct parents. Newborn babies are in great demand so hospitals must guard them so they will not be stolen. Assuming you avoid this hurdle, the next problem is the permanent damage that has already been inflicted upon you. You see, shortly after birth, you were injected with mercury containing vaccines and you cannot remove this poison from your body. Actually, about twenty injections of mercury will be required before you can start public school. If you add in the yearly flu shot, this means, by the time you are ready for college, you will have received about forty shots of mercury which, besides being a general poison, attacks the pineal gland and shuts down your third eye thus ruining your opportunity to develop psychic abilities. Constantly drinking water deliberately poisoned by your government with fluoride has the same effect.

Now, for a few years, you will be relatively safe if you can stay at home. If you have to be left at "day care" because both your parents must work to survive due to the corrupted economic system, you could face a pandora's box of serious issues such as sexual abuse and Satanic rituals. But, hopefully, you will avoid this.

Later, when you are a bit older and want to explore the world, the issue of kidnapping will arise. Kids are in demand for many nefarious reasons and many are snatched and sold to people in other countries or grabbed by government agents to be later killed as sacrifices at Satanic rituals attended by high government officials who live above the law and are shielded by national security.

Next comes public school. Here, you will be programmed to accept scientific atheism, dialectical materialism and economic determinism as your core values. If you resist, you will be drugged into submission.

Along the way, you may get involved with some church not knowing, of course, that all mainstream churches are Satanic and have no relationship with God or legitimate Spirituality.

Your last step in your transition from childhood to adulthood will be your higher education experience. Originally, the purpose of colleges and universities was to provide an environment where great minds could share their knowledge with the young. The knowledge was "neutral knowledge". In other words, it was just truth gleaned from experience. By having an opportunity to associate with many enlightened people, you could use their knowledge and experience to form your own, unique personality. However, things are not this way any more. In 1939, the US Government began to infiltrate higher education and persuaded institutions that the knowledge they had was valuable and could be corrupted and directed to promote the interests of the United States and facilitate the destruction of other cultures the US did not like. This led, eventually, to centers of higher learning becoming centers for top secret experiments and professors becoming government assets instead of channels for the truth. If you are interested in this transition, you should read "Cloak and Gown" by Robin W. Winks.

LEADERS HAD SACRED TRUST

Government was not needed during the Golden Age because everyone lived in harmony and evil thoughts did not exist. However, as the Silver Age dawned, it became necessary to have some form of government to try to maintain the natural order and harmony which, previously, had existed naturally. To be chosen as a leader was considered a Sacred Trust. It was the sworn duty of leaders to uphold the natural order and harmony to the best of their ability. They dedicated their very existence to this goal.

Actually, their mandate was remarkably similar to the concepts in the US Declaration of Independence:

"We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.--That *to secure these rights, Governments are instituted among Men...*"

Government exists to guarantee that the Will of the Creator is enforced and that His unalienable rights are guaranteed to the people.

Of course, over time, things have changed. The United States is now 180 degrees out of phase with its original mandate. Leaders do not protect people - they *own* the people who have been degraded, devolved and held in a state of slavery by an elaborate system of propaganda, disinformation and information control which is maintained under the mandate of "national security". People who seek truth are attacked and often killed. Leaders exploit the general population for maximum personal gain and make no secret of the fact that they actually hate the "ordinary" people. Henry Kissinger - leader of the Bilderberg steering committee - reportedly stated that 98% of the humans on Earth are useless and should be killed.

PRESIDENT KENNEDY'S WARNING MESSAGE

This is from Mr. Kennedy's last speech. Most people probably did not understand this but the "shadow people" knew exactly what it meant and that their secret cult was being threatened. Kennedy was promptly killed. Anyone suspected of knowing anything (thousands of people) were also killed. Any member of the Kennedy family who held or aspired to hold any national office was killed. Any Kennedy in the future who shows any inclination to get into national politics will likely be killed. This family has been excommunicated from the secret world of the elite.

"For we are opposed around the world by a monolithic and ruthless conspiracy that relies on covert means for expanding its sphere of influence--on infiltration instead of invasion, on subversion instead of elections, on intimidation instead of free choice, on guerrillas by night instead of armies by day. It is a system which has conscripted vast human and material resources into the building of a tightly knit, highly efficient machine that combines military, diplomatic, intelligence, economic, scientific and political operations.

Its preparations are concealed, not published. Its mistakes are buried not headlined. Its dissenters are silenced, not praised. No expenditure is questioned, no rumor is printed, no secret is revealed."

-President John F. Kennedy

IGC DIRECTIVE ONE

The created worlds are alive. They are not an accident but exist for a definite purpose. That purpose is to foster the growth and development of young Souls. Fully mature Souls do not live here unless they are here on assignment from the Creator. The Earth and the other planets are living entities and have a planetary spirit. To

insure that the will of the Creator is fulfilled, there are lawful institutions empowered to act with the authority of the Creator [SO-0]. Their power and authority is absolute. The Intergalactic Council (IGC) and its enforcement division IGP (Intergalactic Police) monitor the Creation.

All legitimate activities within the Creation are required to comply with IGC Directive One (also called the Prime Directive). Basically, Directive One states that "Conspiracy to inhibit Spiritual development is prohibited". Deliberate violations of Directive One are punishable by the maximum penalty allowed under the laws of the Creation. This penalty is banishment of the guilty Souls from the Creation.

Anyone familiar with the Creation should realize that Directive One is logical, reasonable and necessary. The regulation is extremely flexible. Societies throughout the created worlds are completely free to design any social system they choose *as long as that system does not inhibit the natural Spiritual development of Souls within the system.*

If there were no enforcement system, eventually, and especially in the Kali phase of the cycle of ages, black magicians would take control of all of the created worlds, enslave the innocent Souls and all Spiritual progress would come to a halt. Clearly, the Creator cannot and will not permit this.

Out of compliance systems must be corrected. There are many degrees of correction depending upon the degree of deviation. There have been many advanced civilizations in the history of the Earth. Over time, non compliant civilizations which deliberately ignored advice and warnings to come into compliance were destroyed. The last civilization destroyed on this planet was called Atlantis.

In the 1960's, IGC sent an official observer team to Earth. Since the team had full access to the Akashic files, no secrets could be hidden from them. Therefore, they were aware of all secret projects active at that time. The team reported that the planet had degraded and had reached the state of "evil beyond redemption". The report was presented to and accepted by the council. This classification authorizes IGC to use any methods necessary to disrupt the hold the black magicians have upon the planet including, if needed, the total destruction of the planet.

MAJOR VIOLATIONS

Core Anti-Spiritual Philosophy

The core anti-spiritual philosophy taught in the United States which facilitates Spiritual Law violations consists of three principles which apparently originated with Karl Marx. These are Dialectical Materialism, Economic Determinism and Scientific Atheism. None of these have any Spiritual merit. If you live by these principles, you have totally wasted your life. You may as well have spent all your time jumping rope or something equally time consuming but meaningless.

Fluoride

Poisoning the water supply with fluoride inactivates the pineal gland which produces DMT naturally and allows you to have psychic experiences necessary for Spiritual development

Drugs

Synthetic drugs - especially psychiatric drugs - damage the Astral body. People given these drugs appear "calm" - not because they actually are calm but rather because they have been poisoned and are slowly dying. These people - statistically - die about twenty five sooner than average.

Mind Control

Perfected by the US during the MKUltra project, mind control ends free will and so makes it impossible for you to choose your destiny or make any Spiritual progress.

Organ Transplants

Your organs are linked to your Astral body which is generally your primary body after physical death. If some of these organs are still alive because they were implanted in another person, this link will remain - like a chain - and prevent you from ascending.

Soul Capture

Perfected by the government, this process allows the government scientists to remove your Soul and hold it in some kind of "storage device". Obviously, this ends any hope of Spiritual development.

Forced Reincarnation

Originally developed as a method to allow the elite to live physically forever, this involves forcing a Soul to enter a new body immediately after death. This bypasses the natural sequence where departed Souls get to spend time on one of the Astral planes between incarnations and - in some cases - learn that another physical lifetime is not necessary.

HUMAN LIVESTOCK "ON THE HOOF"

Human beings are not what they used to be. They have been devolved over the years to resemble some type of livestock. William Cooper coined the word "sheeple" and others have adopted this term. Mindless creatures, programmed by TV and connected constantly to electronic devices (which form a synthetic "hive mind"), today's sheeple hardly resemble the hardy, self sufficient creatures they once were. This, of course, is by design.

We have discussed the concept of a "split level world" previously in other books. The elite enjoy a completely separate supply chain of pure food, water and even air (manufactured air). This, together with access to top secret medicine makes them healthy and vibrant - the way we all should be and have a right to be. However, the sheeple get poisoned food, poisoned water (fluoride), vaccines laced with mercury and crappie medicine designed to debilitate them and shorten their lives.

The Earth is being raped for natural resources at a tremendous pace. Entire species are going extinct faster and faster. If Earth was your only home, you would naturally want to protect and preserve it since you had no where else to live. However, suppose you had access to a pristine alternate planet and your alien friends had offered to take you and your buddies (the top 1%) there in exchange for selling them the Earth complete with the mindless sheeple they like to eat. We know the elite could not care less about the 99%. What a deal! The elite get a pristine new world and the insectoids, reptilians, raptors and the like get to herd and breed the remaining human "livestock" to give them an essentially unlimited renewable source of food. Actually, this is happening today but on a much smaller scale.

This would leave the Earth in a situation very similar to the H.G. Wells classic "The Time Machine" where malvolent beings live underground and use the clueless/mindless humans on the surface for food and experiments. Some claim Wells was actually a time traveler. We (at least the secret elite) know how to travel in time today so the possibility cannot be discounted.

You don't have to have a horror show like this - or something similar - as your future. But, if you want a decent, happy future life you do need to wake up and do something to halt what the elite have planned for you.

APPENDIX 1

We have made reference to "dialectical materialism", "economic determinism" and "scientific atheism" in this and other books. You may be interested in knowing the source of the information we present about this trio. It comes from a special lecture on Communism that all Louisiana high school seniors were required to attend in the early 1960's. We first thought that this would be some kind of "hate speech" saying stuff like "Communism is bad - be scared - run away, etc." However, it was nothing like that. The presenter carefully explained the three key components of Communism stated above - what they meant and how to recognize them. They did not exist in US society to any great degree at that time. In closing, he left us with this warning: "You are about to go out into the world to begin your lives as full

members of society. If, at any point in your life, you see these three conditions come to pass, you should know that you are now living under Communism." Today, these principles form the basis of the underlying philosophy not only for the United States but also for essentially all industrialized societies on this planet. It is doubtful that this lecture is presented today. However, my generation was warned.

APPENDIX 2

Al Bielek is now "officially dead" - whatever that means considering the government's ability to regress people, put their Souls in "storage" or in another body, etc. Now that he is not here to defend himself, internet sites have sprung up to discredit everything he has said. However, there is strong evidence to support Bielek. Bielek reportedly hung out around Wright-Patterson Air Force Base in Dayton, Ohio. He had full access to the base which is reportedly a top secret human/alien base and he had full access to the secret underground area which people aren't even supposed to know exists. When Bielek made friends with someone, it was reportedly not uncommon for him to take them on a tour of the base including the underground areas. These people had no security clearances and so had no legal obligation not to reveal what they saw. Despite this, Bielek and his "guests" were never challenged. You do not get this sort of access easily and, therefore, the odds are in favor of Bielek being the real deal and his claims being true and accurate.
